

# radio

Here's that long awaited guide to the airwaves we finally got around to putting together. I know there's plenty missing you'll have to excuse my laziness and ignorance. All the stations listed excluding WCEZ are public stations. You might want to write or call and request a guide, formats change frequently. You might also discover some new sounds you never knew existed before like classical music. Huh?

## MIAMI RADIO

..... WDNA 88.9 FM
